

Merchants can debit consumers checking account, from anywhere, utilizing any touch-tone phone.  
Guaranteed funding available.

## Features

<b>Mobile Processing</b>	Process customer payments while out in the field by calling the toll-free service number. Authorization forms are completed onsite with the check writer present.
<b>Guaranteed Funding Option</b>	Authorized checks will be guaranteed for reimbursement, thus assuring that each check will be paid. Virtually eliminates the risk of accepting checks.
<b>Verification</b>	Offering the most powerful and comprehensive check verification system in the industry. The check writer and their account information are instantly screened through multiple databases and fraud detection systems.
<b>Conversion</b>	Merchants receive payment via electronic deposit of the funds into their bank account in 5 business days. No wasted time and labor taking paper checks to the bank.
<b>Multiple Users</b>	Each employee uses an individual PIN to process customer payments. Multiple PINs can be requested. Assists in tracking employee/team performance.
<b>Online Reporting</b>	Web based reporting provides full transaction tracking with many features. Reconcile billing, view statements, transaction history, fast access to batch detail and much more. Reports can be customized and exported in Excel or other popular formats.
